Dear Requestor,

The attached record(s) are being provided by the Office of Regulatory Affairs (ORA), Division of Information Disclosure Policy (DIDP) – Office of Criminal Investigations (OCI), in response to your request 2019-9240, for records from the Food and Drug Administration (FDA) pursuant to the Freedom of Information Act (FOIA) regarding:

FDA files on Dr. Jeff Bradstreet (deceased)

Your request is granted in part.

After a thorough review of the responsive records, we have determined that portions of the documents are exempt from disclosure under FOIA exemptions (b)(4), (b)(5), (b)(6), and (b)(7) of the FOIA 5 U.S.C. § 552, as amended and delineated below:

- Exemption (b)(4) permits the withholding of “trade secrets” (TS) and “commercial confidential information” (CCI). Disclosure of this information would impair the government’s ability to obtain necessary information in the future and cause substantial harm to the competitive position of the person from whom the information was obtained. Under the balancing test of this exemption, we are withholding all proprietary information identified as TS and CCI.
- Exemption (b)(5) permits the withholding of inter-agency or intra-agency communications records which are part of the deliberative process and pre-decisional. Disclosure of such material could inhibit the open and candid expression of opinions and diminish the quality of the decision-making process.
- Exemption (b)(6) permits the withholding of information which, if released, would constitute a clearly unwarranted invasion of personal privacy. In this case, it was determined that there is no countervailing public interest qualifying under the standard set forth, under exemption (b)(6), to release the personal identifying information of certain third parties.
- Exemption (b)(7) protects from disclosure "records or information compiled for law enforcement purposes, but only to the extent that the production of such law enforcement records or information (A) could reasonably be expected to interfere with enforcement proceedings, (C) could reasonably be expected to constitute an unwarranted invasion of personal privacy, (E) would disclose techniques and procedures for law enforcement investigations or prosecutions, or would disclose guidelines for law enforcement investigations or prosecutions if such disclosure could

reasonably be expected to risk circumvention of the law, or (F) could reasonably be expected to endanger the life or physical safety of any individual.
